Temperatures are a guide and may fluctuate throughout the seasons.

Mauritius is an all year destination with a tropical climate, cooled by the gentle breezes of the Indian Ocean. The busiest time to visit is at Christmas and New Year when tourists from colder climates descend upon this island in the Indian Ocean. January-April is the hottest time of year and the so-called winter is from June to September. The waters are at their clearest from December to March, so if you're into diving this would be the best time for you.
